The Executive Board and the Office of the High Representative shall have the authority to enact new law, or modify or repeal prior laws, as necessary and appropriate for the implementation of the Comprehensive Plan and this Resolution.

8.2 To create a deradicalized terror-free Gaza that poses no threat to its neighbors and is redeveloped for the benefit of the people of Gaza as the Comprehensive Plan directs, only those persons who support and act consistently therewith will be eligible to participate in governance, reconstruction, economic development, or humanitarian assistance activities in Gaza. For example, persons or entities such as foreign terrorist organizations (as designated by the Board of Peace Member States or the Board of Peace), and nongovernmental organizations that have supported or have a demonstrated history of collaboration, infiltration or influence with or by Hamas or other terror groups are barred from participation. The Executive Board and the High Representative shall

by resolution and decree create appropriate eligibility standards for participation in the development of New Gaza and apply those on a case-by-case basis, subject to the Chairman's concurrence.

8.3 The people of Gaza shall be encouraged to take advantage of this opportunity to build a prosperous and peaceful New Gaza, and the reconstruction and rehabilitation activities of the Board shall be dedicated solely to those who regard Gaza as their home and place of residence. No one will be forced to leave Gaza. Those who wish to leave will be free to do so and free to return to Gaza.

8.4 There shall be established humanitarian zones and controlled civilian-protection corridors so that humanitarian assistance may freely reach all the needy people of Gaza. Access to these zones will be limited to persons approved by the Executive Board and the High Representative; they will be patrolled by the ISF and free of unauthorized weapons or armed activity. Boundaries and procedures for said zones and corridors shall be set by the Force Commander in consultation with the Executive Board and the High Representative, and in light of operational and security requirements.
